

ENGRAVING STATION

M20

GRAVOTECH
EXPRESSION OF THINGS

As the best-selling rotary engraver, the M20 can adapt to any purpose and fit any job. Small and lightweight, you can find a place for the M20 in every shop, workshop and even take it on a promotion tour.

EASY-TO-USE

Engraving has never been easier thanks to the M20: Bluetooth, simple control panel, multiple positioning vices, open design for easy parts loading and unloading, and our unique engraving assistance features (point & shoot, engraving preview, automatic height measurement, surface tracking, etc.).

STRONG

This rotary engraving machine benefits from a new sturdy bridge and a stronger spindle. Created for industry, the M20 design is a guarantee of its longevity and durability. Designed for customer safety and sleekness which enables it to fit in any retail store. Bringing these two elements into one machine gives the M20 the heart and inner workings of an industrial powerhouse, with the looks and design that shows well in luxury boutiques where customers can admire and watch as their purchase becomes one of a kind.

MODULAR

With many accessories, any version can easily be upgraded to fit the evolution of businesses and customers needs. The M20 is the ideal solution for engraving jewellery (pendants, inside and outside of rings and bracelets), personalising gift items (pens, keyrings), engraving photos or logos (medals, lighters), making small signs (CE plate, mailbox labels, electrician's tape, name-plates) and brass plates engraving.

KEY FEATURES

Jewellery Engraving Machine

Upgrade the M20 with the Jewel pack to support the jeweller's daily creations.

Thanks to this rotary device, you can bring a unique touch to your creations by personalising the inside and outside of rings and bracelets and quickly switch to curved bangles. With specialized cutters and diamonds, this machine is the perfect complement to your creations!

Customer Experience

The M20 is the solution to create events in your shop. The transparent cube highlights your product being engraved while ensuring total safety. Its industrial but sleek design in a retail environment attracts the curiosity of your customers and create the buzz. This is the ideal solution to adding value to your products.
